This paper presents an account of our performance against the six strategic objectives in our Corporate Plan 2014-2018.

It focusses in particular on performance against the Operational Improvement Plan and the Key Performance Indicators (KPIs), Quality Indicators (QIs) and Monitoring Measures (MMs) approved by the Audit Committee.

In line with our Performance Measurement System 2015/16, as approved by the Board, the report has taken on a different structure compared to last year. This year we will report on new performance measures and incorporates some case studies of our improvement work for the first time.

2.0 RESOURCE IMPLICATIONS

There are no additional resource implications arising from this report.

3.0 BENEFITS FOR PEOPLE WHO USE SERVICES AND THEIR CARERS

This report relates to the monitoring of performance against the Care Inspectorate Corporate Plan 2014-18 to enable rigorous governance and challenge to the Care Inspectorate's Executive Team. This evidences the performance of the organisation in delivering Corporate Objectives and as such providing assurance and protection for people who use services and their carers.
