## Care Inspectorate 2017/18 Quarter 1 Statistical Report Tables

### Notes:

The Care Inspectorate use a computer system called the Practice management System (PMS), to hold the registration data we collect about care services. Much of the information we use in this report is taken from PMS via the Care Inspectorate Service List at 01 April 2017
Service subtypes are based on the main service provision category provided by that service but may not be mutually exclusive, i.e. a Care Home for Alcohol & Drug Misuse may still accommodate people within the Older People group.
Some Care at Home services may still operate from a premises as well as provide care at home i.e. they may, in addition to care at home, offer a day care service for adults from a premises.
All grades are from inspection reports finalised by 30 June 2017. Services with no grade for that theme are not included.
Complaints completed are those cases with a completed investigation and does not count any complaints that were withdrawn without an investigation or complaint investigations still in progress.

Notes:

These tables do not include enforcement procedures we use to cancel services if we cannot contact them any longer or procedures relating to inactive services.

The section numbers 62, 64, 65, 66, 67, & 73 in the table refer to sections of the Public Services Reform (Scotland) Act 2010.

They also do not include notices relating to outstanding Protecting Vulnerable Group scheme (PVG) checks issued to childminders (of which there were 43).

\* Some services will have had more than one notice issued, for example 8 notices were issued to 5 different Child Minding services.
